

# The value of mosquito control.

Cost per acre makes Zenivex® adulticide a sound investment.

Zenivex® E20 adulticide is an attractive option for professionals looking for advanced mosquito control. At mid-range labeled use rate, Zenivex® adulticide cost equates to just 70¢ per acre, before rebates. Add to that demonstrated efficacy, small environmental footprint and no PBO and Zenivex® E20 adulticide becomes an even more superior value. Zenivex® adulticide also comes in a ready-to-use E4 formulation. To learn more visit [CentralMosquitoControl.com](http://CentralMosquitoControl.com) or call 1-800-248-7763.
