

Connections can be powerful, and so can you.

Do more with connected software from MemberClicks.

Increasing member engagement and generating revenue can be a challenge. MemberClicks is here to help overcome those challenges through its platform of connected software solutions designed to handle all the jobs essential to success.

No matter which MemberClicks solutions you use, you will experience the advantage of using tools designed to work in harmony with one another and return the best results.

Discover how our integrated software solutions can streamline your work and elevate your mission.

MEMBERSHIP Technology

Oasis AMS: *Comprehensive member management for professional associations*

Manage membership, dues, events, communications, and all other mission-related tasks in one solution that saves time and accelerates growth.

Atlas AMS: *Comprehensive member management for trade associations & chambers of commerce*

Manage complex membership structures, finances, events, web content and all other critical tasks in one solution that saves time and accelerates growth.

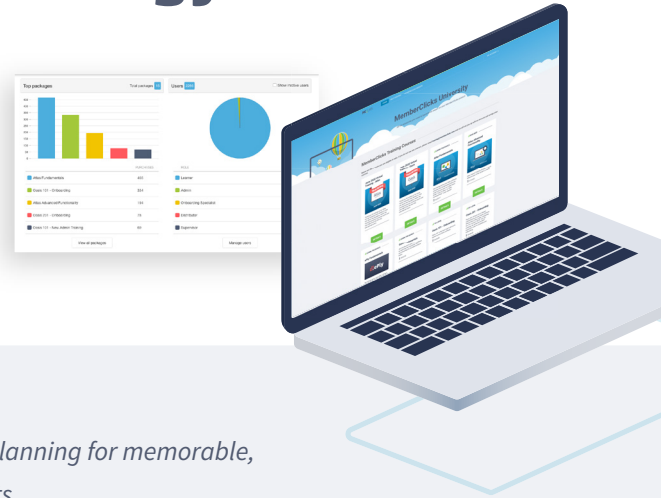

MC | LMS: *An approachable learning management system built to deliver digital content*

Host educational courses and webinars, manage documents, administer and track certification programs, and issue and score assessments. MC | LMS brings your entire virtual education strategy to life.

EDUCATION Technology

CONFERENCE Technology

ePly: *Powerful planning for memorable, hassle-free events*

ePly is the end-to-end conference management solution from MemberClicks helping planners manage in-person and virtual events, email campaigns, online registration, name badges/certificates, onsite check-in, post-event surveys, and reporting.

Conference App: *A mobile solution to enhance the attendee experience*

The conference app is a mobile solution that expedites access to everything your event attendees need to have an organized, meaningful and refreshing onsite experience. Plus, increased sponsor visibility through the app creates opportunities to showcase more sponsorship ROI.

MC | Job Board: *An easy-to-use and customizable career hub to generate non-dues revenue*

Build membership value and generate hefty non-dues revenue with a branded job board that helps employers attract talent and connects job seekers to their next opportunity.

CAREER Technology

Unlock more value with Combined Solutions from MemberClicks

When leading a member-based organization, it's common to have to do more *with* less. MemberClicks believes in designing better technology that is easy to use and has connected functionality so you can start doing more *for* less.
