

# Call for Papers & Speaker Management

**Collect. Review. Select. Schedule. It's just that easy.**

IntheorIOUS Call for Papers and Speaker Management system helps simplify and organize the entire Call for Papers process. From the time a speaker submits their information and abstract(s), to review and final speaker selection, IntheorIOUS helps you stay organized throughout the entire process.

## Call for Papers & Speaker Management Highlights:

- **Submission Site** - Speakers can submit their demographic information and document(s) to be reviewed on a customized Submission site branded for your event.
- **Administrative Site** - View, edit, sort and organize submissions, view and download submitted abstracts, add, assign and invite reviewers, monitor reviewers progress, view reports and scores, communicate with speakers.
- **Review Site** - Assigned reviewers can login to view and score the abstracts that they've been assigned. The review and scoring process is customized based on your business rules.
- **Scheduler Tool** - Allows you to assign speakers, A/V and food and beverage to function rooms. Schedule speakers by day and time and avoid overlaps.
- **Materials Site** - Attendees can download and print presentation materials for all sessions prior to and after the event.
