

Event **Services**

Extend your reach and impact through CommPartners Event Services.

Webinars and Webcasts

Utilize CommPartners expert producers to manage every detail of your event. Our experienced team will strategize with you to leverage opportunities through the virtual format and ensure attendees have a positive experience.

Virtual Conferences

Engage your participants with cutting edge content, community building tools and revenue generating opportunities. CommPartners provides a comprehensive service including a conference website, session management, and onsite production.

Livestream Events

Reach hundreds to thousands of attendees with multimedia content through CommPartners MediaCenter livestream platform. Use our expert producers to manage the entire process.

Content Recordings

Have our experienced production team capture your content and produce on demand learning modules. We'll advise you on ways to repurpose your recordings so they effectively leverage the online format.
