

#HereInSac

Holidays are measured in memories. Not miles. This season looks and feels different, but it's still worth getting in the festive spirit. Shop local, order your favorite takeout and spend more time in holiday pajamas making new memories and traditions at home.

It's been a rough year, but one thing Sacramento has always excelled at is coming together in the face of adversity, and now more than ever, we can support each other. When doing your shopping, purchase something from a local store or artist for your loved ones this holiday season.

When you want to treat yourself, get takeout from one of our restaurants. They need the business, and they're happy to serve you excellent, fresh food. And don't forget that you can get gift cards to spread the love to them, and your favorite recommendations to friends and family.

By supporting each other and shopping — and eating — locally, Sacramento will come out of this situation better prepared to come together when it's safe to do so, and we can all raise a glass to the community we love.
