

# TOTAL-SHIELD PLUS™

877587-16 & 877587G

## DESCRIPTION

Total-Shield Plus™ is a ready to use (RTU) one-step disinfectant and cleaner which offers broad-spectrum protection against Bacteria, Viruses, Mold, Mildew, and Fungus. Total-Shield Plus™ is safe to apply on all commonly found surfaces and will help control, inhibit, and remove pathogens on porous and non-porous surfaces. Low in toxicity, non-corrosive, biodegradable and is environmentally friendly. **EPA registered.**

## FEATURES & BENEFITS

- » Persistent activity for up to 28 days per application provides a unique, effective disinfecting surface treatment that will deodorize and kill bacteria, viruses, fungi, and spores for extended periods.
- » Effective within minutes
- » Low Residue
- » One-step Disinfectant/Cleaner
- » Proven to be safe on most surfaces.
- » Bleach and chlorine-free
- » Deodorizer

## Product Uses

- » Hard, inanimate surfaces in general manufacturing areas and facilities.
- » Machinery, tables, countertops and laminar flow benches/hoods, floors, walls, and ceilings.
- » Safe in public areas and on a variety of surfaces such as fabrics, glass, chrome, drywall, plastics, and more.
- » Effective in use on hard and soft non-porous surfaces.

## Effective Against

- » Virucidal: SARS-CoV-2, H1N1
- » Bacteriocidal: MRSA, S. aureus, E. coli, Pseudomonas aeruginosa, Salmonella enterica
- » Fungicidal: Aspergillus niger
- » Sporocidal: C. diff
- » Mold and Mildew including black mold
