

DSCSA Compliance as a Service: Streamline Compliance and Lower Costs

ConsortiEX Creates and Manages a Single Source of Truth for DSCSA Compliance:

- Our Operations Team takes on 100% of the manual work required to validate and archive paper DSCSA documents; no need for additional staff to validate or archive paperwork documenting DSCSA compliance
- We continuously monitor the availability of EDI with all participating trading partners, not just your wholesaler
- All T3 Data is stored in a single, searchable, database after validation

Compliance and Convenience:

- Easily Isolate Illegitimate or Suspect Product for Quarantine
- One search locates any product or transaction: *Ship-from, NDC, Invoice, PO, Lot Number, Date Ranges*
- One search provides all of the information needed to respond to an inquiry or audit, within seconds.

Instantly Generate T3 Documents to Support Borrow/Loan Transactions or Product Transfers/Sales

Simplified, Continuous, NDC Validation:

- Automated first-level audit of all NDC codes using our Master NDC Database
- Our validation algorithm flags unrecognized NDCs. These are researched and validated daily.
- Ensures recognition of all drugs requiring DSCSA Compliance.

Our Operations Team Sets Us Apart

- All paper T3s are manually reviewed and processed within 48 hours
- No IT support needed
- Our team continuously strives to establish EDI feeds with all available vendors, not just wholesalers
- Site-wide user training during the implementation process
- Complimentary Quarterly Training Webinars; we will train your new users

Our Unique Promise

We will pay any fines levied against you for DSCSA compliance issues.
