

## ASHP Accredited PGY1 Pharmacy Residency Program

---

Residency Year: July 2021 through June 2022

### The Medical Center

St. Joseph's Medical Center is a 355 bed acute care hospital with an affiliation to St. Joseph's Behavioral Health Center a 35 bed acute psychiatric hospital both serving a culturally diverse patient population. Our community based medical center provides cardiac procedures and regional cancer services. We serve as a major training site for pharmacy APPE pharmacy students from various schools, including the oldest university of California, University of the Pacific.

### Stockton, California

Stockton has a population of roughly 320,000 and is centrally located approximately 80 miles northeast of San Francisco and 45 miles south of Sacramento. It is located in the Delta of the San Joaquin Valley which offers numerous outdoor activities, shopping, and cultural experiences.

### Pharmacy Department

The pharmacy services at St. Joseph's Medical Center are part of an integrated health system that offers comprehensive and progressive patient focused pharmaceutical care. The department consists of a central pharmacy and five decentralized clinical pharmacy locations within key areas of the Medical Center. The pharmacists provide a wide variety of pharmaceutical care to our patients. Under the direction of the medical staff, the pharmacists are active in a variety of pharmacist driven protocols, such as antimicrobial stewardship, pharmacokinetics, renal dosing, warfarin, parenteral nutrition, and IV-to-PO conversions. Ambulatory Care services include Behavioral Health Services, Diabetes Education and Management, and Anticoagulation Services. Our mission is to provide high-quality healthcare, without discrimination, and contribute to the health and well-being of our communities in an ethical, safe and fiscally prudent manner.

### The Residency Program

The ASHP Accredited PGY1 Pharmacy Residency Program at St. Joseph's Medical Center is a twelve-month experiential learning process designed to give the resident comprehensive training in providing pharmaceutical care in an integrated health system. Since 1990, our residents have graduated making an impact in pharmacy practice in a variety of roles including Clinical Pharmacist, Clinical Pharmacy Management, Academia, Operations Pharmacy Management and even Clinical Informatics.

Unlike traditional residency programs consisting of 4 week rotations, St. Joseph's Medical Center provides 6 and 8 week learning experiences that blends core rotations with longitudinal rotations. A longer core rotation enhances the resident's learning experience by integrating multiple services within a single core offering a realistic learning opportunity teaching time management skills.

### Core Rotations

- Pharmacy Practice (4 weeks)
- Cardiology (8 weeks)
- Respiratory Care/ Infectious Disease (8 weeks)
- Internal Medicine (8 weeks)
- Emergency Services (8 weeks)
- TPN (6 weeks)
- Pharmacy Management (6 weeks)

### Longitudinal Rotations

- Antimicrobial Stewardship (12 weeks)
- Drug Information (12 weeks)
- Medication Safety (12 weeks)
- Pharmacy and Therapeutics (12 weeks)
- Teaching Responsibilities (year long)

### Elective Rotations (4 to 6 weeks)

- Oncology
- Behavioral Health
- Critical Care
- Ambulatory Care
- Emergency Medicine
- Antimicrobial Stewardship

### Stipend and Benefits

- Stipend: approximately \$57,000
- Benefits: Health insurance, dental and vision plan
- Paid Time Off (PTO): 10 days
- Professional Leave: travel support to designated meetings
- Teaching Certificate: at residency program completion

### Application Requirements:
