Our food is color coded for easy identification- light green for cats, and dark green for dogs.

Each recipe is a "pate" consistency, with occasional chunks of meat or vegetables.

All ingredients are sourced in the USA, often from local farms.

Our food freezes well- both as treats (use an ice cube tray) and to save leftovers.

Consider adding a \$0.50 jar deposit to your retail price. A discount for returned jars encourages recycling *and* repeat sales!

6oz jars are great taste testers, gifts, and stocking stuffers. 14oz jars are ideal for consistent diets and multi-pet households.
