

Great for training, the Crosscheck Harness offers a unique girth checking function designed to reduce pull more comfortably for dog and owner.

CROSSCHECK TRAINING HARNESS

The Crosscheck Harness is perfect for dogs that pull or are in training. It's 2 in 1 function allows you to quickly change between the 2 stainless steel Drings for either standard walking or training during your walk.

A silicone neck liner makes the harness soft on the dogs neck while maintaining stability, which compliments the escape resistant Figure 8 configuration.

FEATURES

- Girth checking system
- Stainless Steel D-Rings
- 2 in 1 Function
- Silicone neck liner
- Ezy fit figure 8 configuration
- Escape resistant design
- Reflective stitching for night safety
- Single buckle closure/release

LEATHER

OXFORD

LEATHER

Introducing Oxford Leather - EzyDog's new range of natural leather collars and leashes, made to last, with a new level of style and function.

Each product features full grain leather exterior, with padded dressed leather lining and brushed metal hardware - gold for brown and silver for black.

The finishing and design of the Oxford Leather range ensures these products are suited to the city and country alike.

The simple tongue-buckle fastening method utilised on the collar is not only hard-wearing and long lasting, but easy to use.

The robust design of the leash means it is perfect for a rough and adventurous country dog, while the sophisticated finishes make it equally fitting for a classy urban pooch.

FEATURES

- Brushed metal hardware
- Natural full grain leather
- Quick release snap clip

The next generation of EzyDog DFD offers the same buoyancy, with a more streamlined, ergonomic fit

DFD™ X2 BOOST

PREMIUM DOG LIFE JACKET

Whether you're teaching your dog to swim or simply using it as a safety precaution, the DFD X2 Boost will help your dog stay safe around water.

Featuring a unique top pull collar adjustment system which only has to be adjusted once, all webbing is contained within neck strap, meaning there is no loose webbing to irritate your dog. Ultra-Buoyant Foam is strategically positioned around the vest, including the section under the dog's belly to keeps your dog upright and in a natural swimming position at all times.

Crafted to fit comfortably around any dog type, with panels designed to taper around a dog's torso, allowing you dog to swim with confidence and run more freely.

FEATURES

- Extremely buoyant with more even flotation distribution
- Fixed collar that still allows maximum adjustment and buoyancy to the dog's neck and head
- Comfortable neoprene handle that doubles as a keeper for the neck adjustment
- Updated geometry for a more streamline, ergonomic fit
- Reflective trims for night time safety
- Durable, and easy to clean 1680 denier nylon construction
- High strength alloy D-Ring
