**DIRECTOR'S NOTES**

Clue came as an easy choice for me when deciding what to perform with our students. As a teacher, I like to provide our students with diverse styles throughout their high school experience. As a director, I like to provide our audiences with an opportunity to escape from the world outside the theatre. Clue encompasses all that and more. Much of my inspiration comes from the fact that this show is based upon the board game. For me, it stirs feelings of nostalgia and a more simple time when we used to gather as a family and play games. It is my hope to stir those feelings in our audiences as well. From the Clue memorabilia in the lobby, a set design reminiscent of the game board, and a costume & prop design that is inspired by the game pieces themselves, it is my hope that you have an immersive experience and escape with our talented students.

Don Carreras, Director
