

Key Advantages to Partnering with Dynamic Mobile Imaging

CUTTING EDGE TECHNOLOGY

- DMI's commitment to quality and use of current digital technology drives improved patient care!
- 100% Digital (DR) technology- highest quality x-ray equipment produces high quality imaging.
- Greater visualization of images improves results/ radiologist interpretations.
- Accurate reads provide or quality patient care/ reduced hospital readmissions
- 100% Digital EKGs (ECG). DMIs EKG electronically performed and transmitted.
- Significantly improves quality, whereas older equipment generates paper tracings, which are then reproduced-Printed & 'faxed' for interpretation.

JOINT COMMISSION ACCREDITATION (JCAHO)

- DMI is the only joint commission accredited portable x-ray provider.
- This demonstrates DMI's commitment and dedication to overall quality, including strong attention to infection control and other SOP/policies and practices.

DMI INDEPENDENTLY OWNED

- DMI is the largest independently owned portable x-ray provider.
- Family owned and operated
- DMI is currently in 11 states and continues to expand annually. In the past year, DMI has increased expansion into more Southeast and Midwest states.
- Decision process is streamlined. DMI responds quickly to customer needs, market demands and/ or industry changes.
- DMI's leadership has radiology technical/ clinical and strong operational experience to guide DMI's two (2) primary goals:
 - Be the best in quality imaging
 - Be the best in customer service

EMR- HL7 INTERFACES

- DMI is quick to assist your EMR provider interface their Radiology Module with DMI.

GEOGRAPHICAL COVERAGE/ SERVICE HOURS

- DMI has a strong footprint/ presence in each state.
- DMI's presence in neighboring states allows DMI to respond quickly to more remote-rural areas for service & cross over coverage.

AUXILLARY SERVICES

- DMI is networked with other providers of services beneficial to long-term care facilities.
- DMI's partnerships with various vendors that have other specific scopes of service provides a best-practices teamwork approach for service to our clients.
- Each Designated vendor focuses on their core services to provide the highest level of service from both a patient care and fiscal perspective.

DMI CONTINUES TO EXPAND BY REFERRAL!

DMI's reputation and commitment to quality and service is strong.

DMI services all scopes of facilities: SNF, ALF, home-based services, correctional facilities, occupational health entities, sports teams and more!

Whether a facility is small or medium in size, stand alone facility or multi-facility chain, DMI services all facilities with the same level of dedication, service, attention and commitment.
