A Commitment to Your Mission

McGriff Insurance Services' Senior Living Group has a proven history of serving clients since 1991 with a knowledgeable team dedicated to meeting your risk financing needs. As one of the nation's largest independent insurance agencies, we serve as advocates for your organization and access a full range of risk management and insurance solutions.

We specialize in providing risk management services for:

- Life plan communities
- Nursing homes
- Assisted living facilities
- Senior housing

Our senior living consultants work with you to examine your risk-related concerns. With a commitment to personalized service, our team identifies insurance, risk control and claims management strategies that address many of your organization's exposures.

Analyzing Your Insurance Options

We help you choose insurance solutions to match your tolerance for risk and develop strategies that minimize the total cost of risk to your organization. Exposures typically insured for senior living organizations include: We provide both traditional and alternative risk financing to create a customized insurance program that meets your organization's requirements for risk transfer, risk control and claims management. Alternative programs include risk purchasing groups, captives and other loss-sensitive risk financing programs.
