

Quick Start Connect Packages

The pandemic has brought to the forefront of senior living the importance of staying connected and the consequences of isolation. iN2L is here to help you manage resident and staff needs during this stressful time and beyond. Our customer communities consider their iN2L systems critical for connecting residents to their families and keeping them engaged in activities. We want to help your community get set up with this technology as quickly and as easily as possible with our Quick Start Connect packages.

Communities are using iN2L to:

- Connect residents to their families when in-person visits are restricted
- Keep residents calm, entertained, and active during stressful times
- Maintain spiritual, cognitively stimulating, and fun activities when routines have changed

Get started with the best solution for your community. Choose from packages that include our Mobile Flex system and Tablets for the best in portable technology.
