**USAGE NOTES:** Refer to product label for usage information related to safety, PPE requirements, dilution and surface compatibility.

**45 sec Covid-19 Kill Claim**      **2 min Covid-19 Kill Claim**

- 1.5 pumps per spray bottle
- 18 pumps per 3GL transport jug
- 1 pump per spray bottle
- 12 pumps per 3GL transport jug

1

Wear protective gloves.  
To dust, wipe hard surface with dry clean microfiber cloth.

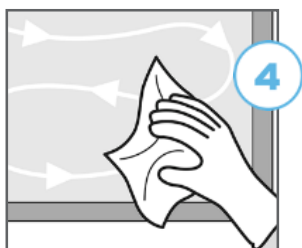

2

To disinfect, spray **Peroxide Multi Surface Cleaner and Disinfectant** on microfiber cloth.

3

Wipe and disinfect all hard surfaces. Make sure to include all commonly used areas such as light switches, counter tops, tables, chair armrest etc. Surface must stay wet for 2min diluted at 4oz per gallon or 45 seconds diluted at 6oz per gallon

4

Glass and Mirrors: Beginning at top, wipe surface by moving cloth from left to right and flipping as necessary until surface is dry and streak-free.
