

RESTORE YOUR FLOORS

Tile Cleaning & Grout Recoloring

What is recoloring grout?
Restoration of grout lines
using a sealant to create a
clean, consistent
appearance!

The products we use contain
granite resin for durability,
modified densification
agents for easy application,
and constant acting
mildicides to help fight
bacteria, mold and mildew.

Call Occupied Renovations
today for a custom floor care
program tailored to your
company's flooring needs!
