

Control Your Costs

The Real ROI Of Medical Solutions

- In light of the ongoing workforce shortages, cost containment continues to be a top priority for healthcare systems nationwide. Fortunately, you can optimize your workforce and control costs with **Medical Solutions** at no additional cost to your facility.

When You Partner With Our MSP, You Can Expect:

Standardized contract terms and a streamlined billing process

Spend analysis and industry insight to augment your return on talent investment

A faster hiring process to help reduce talent leakage, turnover rates, and inflated bill rates

Access to customized reporting and real-time data to forecast future staffing decisions

Successful Savings:

- **\$1.6 million:** That's how much money Medical Solutions recently saved a prestigious California healthcare system in just the first six months of service. How? Our team identified multiple inflated rate structures in our initial audit, and we helped the hospital system avoid these crisis bill rates. As a result, this healthcare organization is on track to save more than \$2.5 million in its first year with Medical Solutions.
