

HSIsolutions

group purchasing

HSI Solutions is a strategic marketing affiliate partnered with Intalere, a national GPO that is member based (90,000 members) and uses the combined purchasing volumes of members to create leverage in the market place and drives down expense.

Intalere offers a comprehensive suite of services to empower healthcare providers to better manage their entire non-labor spend with the ultimate goal of assisting its membership to deliver superior care.

Additionally, it offers a unique group of solutions that are custom tailored to a facility's needs to address revenue enhancement, labor, item master data management, purchased services, benchmarking, and patient population management.

HSI Solutions has a team of supply chain professionals with over 60 years combined of healthcare experience available to assist its member facilities in areas of project management, inventory control, contract utilization, and product selection. This team partners with Intalere to coordinate networking opportunities, educational sessions and coordination of expense management solutions.
