

Burbank Sport Nets have been pioneers in the Sports Net Industry for over 40 Years now.

We offer handcrafted nets for many different types of sports, with a strong emphasis in the Softball and Baseball Markets. We offer custom fabrication and installation of Softball and Baseball Backstops, Barrier Netting, Batting Cages and Overhead Protective Netting. Our Indoor Facilities are second to none. We also offer a wide range of Protective Screens and Portable Cages. All the screens and frames are custom made and built in an in-house factory. We offer a full line of On-Field Portable Cages, including the innovative Single Hitter product. The premium quality nets are treated twice for long-term durability and protection from the varying weather conditions. A special BSF paint with all-weather UV protection is used for all of our Sports Nets. This is a trademark dipping process utilized by Burbank Sport Nets and it has been used by the company for many years now on all types of sport nets.

In just the past two years, we have worked with Mississippi State University on their Palmeiro Hitting Facility, Florida State University on both their Baseball and Softball Batting Cages and the new Softball Facilities at the University of Missouri and Duke University. We have installed Backstops at the University of Virginia, South Alabama, the College of Charleston, Mercer University and Eastern Kentucky. We have installed new Indoor Batting Cage Facilities at James Madison University, Missouri State University and Arkansas State. We have done extensive work with the College of Central Florida, Eastern Florida State College, Northwest Florida State College, St. Johns River State College and Florida State College at Jacksonville. In addition, we have worked with countless High Schools, Municipalities and Youth Organizations.

“In my 31 years of college coaching, my experience with Burbank Sport Nets has been fantastic!” says Andy Lopez, former Head Baseball Coach at Pepperdine, the University of Florida, the University of Arizona and 2017 American Baseball Coaches Association Hall of Fame Inductee. “The product, service and quick response has been second to none”.
