

Time is Money – Snap! Raise Gives You More of Both

EVERY KID NEEDS A CHAMPION

A champion is a coach, a teacher, a parent—someone who looks you in the eye and makes you believe you're capable of so much more. That's why we work to remove the financial barriers that prevent champions from doing what they do best: making a difference in their communities. Snap! Raise is built to keep more group leaders focused on their team and their program, not on funding.

LOCAL FUNDRAISER, NATIONAL REACH

Through our secure, easy-to-use platform, and process, Snap! Raise campaigns are local fundraisers with some serious national reach! 80% of Snap! Raise donors are outside of the school's zip code, where the average donation comes from within a 276 mile radius. Leaders will never have to worry about over-saturating their local donor pool and kids can spend more time towards group participation.

Georgetown Softball from Georgetown High school raised \$16,735 surpassing their original goal of \$10,000. The funds raised will provide new equipment, uniforms and cover the fees and travel costs for their program.
