“ If you coach, you need to take advantage of SkillShark. I have been coaching Softball for more than 20 years and Skillshark is by far the most convenient and efficient evaluation tool on the market ”

Andi Wolf - Head Coach
Regina Cougars

“ In the past, we typically used pen and paper for evaluations. It would take us weeks to compile all the data into spreadsheets. Now that we use SkillShark we are saving over 150 hours, and are kicking out player reports 10 minutes after the evaluation is done ”

Jordan Draeger - Head Coach & Founder
Going Yard Baseball Academy

“ Before using SkillShark we had over 100 athletes in different regions, and were using a pile of different notebooks and spreadsheets. After using SkillShark, we’ve been able to easily record data from anywhere. Each player gets a report card after the assessment period, allowing them to see exactly where they fit in which helps us get better. Highly recommend. ”

Scott Searle - Head Coach
Canada Games Softball
