### Scheduling Live & On-Demand Individual Lessons

When you aren't playing games, there are still many tools available within the AthletesGoLive app which allow you to showcase yourself to college coaches!

Schedule and live stream individual workouts. Share events with colleges to watch...if they're following the athlete, they'll be notified. You can also pull clips from within your archived live lesson/workout.

Click the camera button to record a 2min max clip that will save to your video clips

Click the share button to email video clips to colleges or share on Facebook & Twitter.

Easily share clips from games or individual lessons/workouts to social media accounts or email colleges.

Don't worry if a parent email address is listed for the fan pass, your email server will populate from your device so communication comes from the athlete.

### With an AGL Athlete Profile you can view any game On-Demand And also create SHAREABLE VIDEO CLIPS!

While watching on demand, you can "strip" a clip from anywhere within the game. Simply click "Record Clip" where you want to start and "Stop Recording" to end that clip.

Easily pull video clips from archived games and save to player profile. Click "Watch"

To share with a college coach, go to your watch list, click "Email Coach" and then select "With Video Clip"

Select video clip and click "Done" and an email will auto generate.
