

RYZER

EVENTS

Easy-to-use event administration tools & unbeatable customer service.

Our flagship service. As a Ryzer Events customer, you will have a dedicated team focused on making your events a success. Your Ryzer Account Executive is your point-person for all things related to your camps and activities. The Ryzer team will setup your events for registration, handle all needed updates, and guide you through our industry-leading offering of solutions.

Our secure PCI compliant registration system offers many customizable features including:

- Electronically signed event waivers and medical release forms.
- Automated confirmation letters which can include attaching a camp confirmation packet of information in a separate file.
- Discounts and Coupon Codes including early registration and special pricing for partners or groups. Our flexible discount system can accommodate almost any discount structure.
- Deposit and Balance Due payments are easily trackable in our system. The system can set a Balance Due date and automatically email campers payment reminders. Coaches and administrators have access to camper balances reports.
- Preset Registration Windows allow you to set up the program in advance, but will not let anyone register until a specified date and time.
- Preset Camp Limits can be broken down by camp, camper type, or position

RYZER events is only compensated when a participant chooses to register online, then a credit card processing fee is applied.

The processing fee is a fixed amount based on the cost of your event. The amount is industry competitive and often lower than others.

This is the only fee and from it we pay all bank and credit card fees. You have two options with the processing fee

1. Pass entire fee onto the participant for the convenience of registering online
2. Absorb the entire fee into the cost of your camp
