

RYZER

— ALERTS —

Patented email & text messaging platform to increase enrollment.

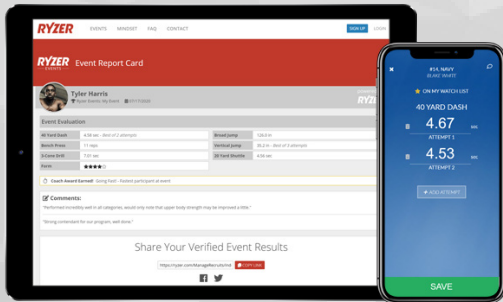

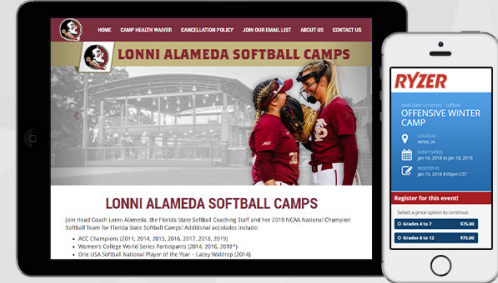

Our event notification system maximizes exposure to your events. Used by millions of students and their parents, Ryzer Alerts informs prospective participants of your events based on age, sport/activity of interest, gender, and proximity. Discover how many prospective participants you could reach using our Ryzer Alerts calculator.

RYZER

— EVENTS —

Easy-to-use event administration tools & unbeatable customer service.

Our flagship service. As a Ryzer Events customer, you will have a dedicated team focused on making your events a success. Your Ryzer Account Executive is your point-person for all things related to your camps and activities. The Ryzer team will setup your events for registration, handle all needed updates, and guide you through our industry-leading offering of solutions.

RYZER

— GO —

Mobile app to streamline check-in and evaluation.

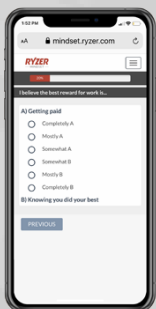

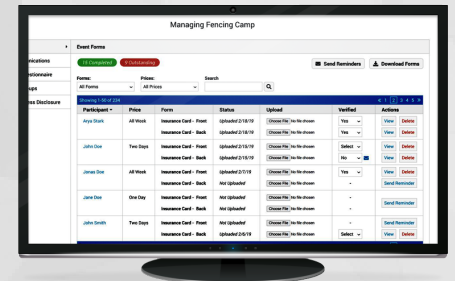

The Ryzer Go app features streamlined participant check-in and check-out, allowing you to always know who is at your event. For prospect events, we worked hand-in-hand with leading college programs across multiple sports to incorporate a robust feature set including rapid data collection, real-time results and leaderboards, and post-event digital report cards emailed to respective participants. Ryzer Go is available for both iOS and Android.

RYZER

— PROTECT —

Keeps participants safe & reduces risk for event organizers.

Ryzer Protect leverages a decade of experience and 'best practices' learned from the COVID-19 pandemic to help keep your participants safe while reducing risk for your program. Scheduled to launch in December 2020, Ryzer Protect addresses the specific challenges and concerns of running an event in today's world. Contact a Ryzer Account representative for more details about this revolutionary new service.

TAP OVERALL SCORE

RYZER

— MINDSET —

Athletic mindset assessment with historic success.

The Troutwine Athletic Profile (the "TAP") is an online assessment consisting of around 100 questions and a timed exercise. It takes the average person 25 minutes to complete. The TAP reveals what is in the 'head and heart' of an athlete. It scores an athlete's 12 essential performance traits - intangibles like mental toughness and coachability - and identifies the athlete's key predictive characteristics.

RYZER

— RECRUIT —

Physical + mental athlete evaluation & discovery.

Scheduled for release in Q1 2021, Ryzer Recruit is an innovative platform that combines the physical metrics and mental traits of an athlete, leveraging 35+ years of elite athlete performance data to uncover who has the combination of tangible and intangible talents required to make a positive impact on a winning team.
