Personal Message from Emmy Guthrie

My name is Emmy Guthrie, and I am a 2021 RHP throwing between 58-61. My accuracy, movement, and a change up that I can throw at any count is what makes me the pitcher I am. My rise ball is my strikeout pitch that batters have a hard time laying off of. I'm a contact hitter that hits to all parts of the field. What sets me apart from the rest is my competitiveness and confidence. I want to be on the mound when the game is tied up and the bases are loaded. I want to be at the plate with two outs and the winning run at third. I trust myself and the hard work I've put into this sport. I work hard and strive to be better every day because of God. He's given me the ability to play softball and compete against the best teams. I want to use my talent to become the best I can be for him. My team, the Oklahoma Force 02, will play all over the country against the best teams in the nation. My teammates and I have a family like relationship and I couldn't do it without them! Thank you so much for looking over my profile and I look forward to seeing you at the ball field.

ExtrajoiningSoftball Top 2021's Nationwide #25

Emmy is a 2021 Rhp throwing 59-60 and touching 61, with her change coming in at 47-48 (-12). A river-type pitcher relying on her curve/screw and solid off-speed with late downward movement, to simply miss bats. Has a solid drop/rise as well. Plays D well from the rubber, super athletic. Standing 5'6" and 130, has the ability to play 1b or Rf when needed. Has phenomenal command of all of her pitches and has been successful, continuously, against power 5 commits. Offensively a contact hitter, who hits for avg. Disciplined at the plate and has a nice mix of linear/rotational, and opens her hips well to generate solid power. A big time competitor who maintains her composure on the bump, but is the obvious competitor/leader on the field, even in warmups. A high academic kid as well. Emmy will compete on the big stage, early in her career, and be successful. No doubt.
