

“I’M BEAMING”

Beam will have you grinning when you see how easy it is to manage remote collection staff.

Deploying and monitoring collection agents that work remotely can be difficult. Let BEAM help you securely manage your collectors!

- Easily set up collectors with your choice of integrated softphone providers
- Control access to system features based on user roles
- Mask protected data to ensure compliance
- Track performance metrics with web-based dashboards
- Audit agent activity in real-time with remote desktop viewing
- Access posted and future payments in real-time to effectively measure revenue
