

REGAIN ACCESS AND CONTROL OF YOUR DOCUMENTS

NPC’s proprietary self-service portal allows you to view, manage, print, and store document templates from one secure location in real-time.

Equipped with additional features, including an automatic audit trail of document changes and an archive of past and present communication pieces, *The Portal*, eliminates the headaches that usually accompany critical document management. This customizable solution enhances user accessibility while streamlining the entire communications lifecycle.

BENEFITS

- Keep control in your hands with this self-managed portal
- Boost convenience through an easily accessible platform
- Save time and resources by managing documents in one location
- Empower your team with self-service access
- Reduce approval times
- Eliminate extra communication steps
- Promote consistency and compliance with changes and revisions
- Increase visibility into your customer communications
- Safeguard sensitive data
