Tips for applicants in the VMCAS 2022 Cycle

- Spring 2021 coursework must be listed as Complete in the application.
 - o Make sure your Spring 2021 course grades are in before requesting your transcript and submitting.
- Applicants can list any summer 2021 courses as planned/in progress.
- Aim to submit your application no later than mid-August (this will ensure you have time in the event there are errors with your application)
- If you have not yet selected any programs in VMCAS, Applicants should select programs sooner than later. Why?
 - o To see the program specific questions (there is no obligation to submit to the program(s) you select).
 - o Programs have the ability to communicate with applicants that have selected their program and possibly provide more information about their program.
