MR. BRENT VAN DEYSEN, ESTATE PLANNING AND ELDER LAW ATTORNEY, SAYS...

"I am writing to express my sincere gratitude for Commonwealth Community Trust, its executive director, Joanne Marcus, and her expert staff. Over the past five years, I have worked with CCT on numerous occasions to help clients with special needs establish first party pooled special needs trusts. This type of arrangement is often necessary when a client who is eligible for SSI and/or Medicaid receives a cash personal injury award. I have also worked with CCT on numerous occasions to help parents develop an estate plan for the benefit of their children who have special needs."
