Individualized Transportation Services (ITS)

- **Dependable, affordable transportation via leased vehicles**
- **Client centered vehicle selection based on client needs**
- **24/7 roadside assistance**
- **Full general maintenance program**
- **Extended bumper to bumper and conversion warranty**
- **Insurance for the beneficiary and all registered drivers for the vehicle**
- **Elimination of upfront capital expense for accessible vehicle purchases**
- **A single payment to a single source**
- **Reduction of liability and maintenance concern**

MSS understands the headaches associated with purchasing, maintaining and disposing of accessible vehicles. We specifically designed the program to meet the needs of the individual who experiences disability in a manner that is easy and affordable.

MSS is able to provide services on a national basis. Our funding sources allow us to offer this unique program to beneficiaries of Special Needs Trusts (SNTs), Auto No Fault Carriers and claimants of Worker's Compensation cases.

THE MISSION OF MSS

Is to provide the individual who experiences disabilities and their families dependable, affordable, accessible Individualized Transportation Services (ITS).
