

MANDREL BUILT HOSE FOR SPECIALIZED INDUSTRIES AND APPLICATIONS.

ATC Butyl

CRP Industrial revolutionized the industry with the introduction of our Armored Thermoplastic Cover (ATC) technology, which offers a myriad of upgrades when compared to traditional rubber covered hose. Built from the core out on a proprietary rigid mandrel, our design offers a lightweight hose with a sanitary cover that will remain in its pristine state.

Additionally, our hose will not “fight” the user or scuff the floor when being dragged. The hose’s bromobutyl tube offers an improvement over the chlorobutyl tubes used by some competitors.

All CRP Industrial ATC Butyl hoses are phthalate free and meet the following standards: FDA 21 CFR 177.2600, 3A Sanitary Standard Class II, 1907/2006/CE (REACH), and European Reglement 1935/2004/CE.

CRP Part No.	Color	Inside Diameter	Vacuum	Working Pressure	Bend Radius
8103-100/8108-100	Red/Gray	1.00"	FULL	150 PSI	2.76"
8103-150/8108-150	Red/Gray	1.50"	FULL	150 PSI	3.15"
8103-200/8108-200	Red/Gray	2.00"	FULL	150 PSI	3.94"
8103-250/8108-250	Red/Gray	2.50"	FULL	150 PSI	5.12"
8103-300/8108-300	Red/Gray	3.00"	FULL	150 PSI	5.91"
8103-400/8108-400	Red/Gray	4.00"	FULL	150 PSI	9.84"

CRP Part No.	Color	Inside Diameter	Vacuum	Working Pressure	Bend Radius
8123-100/8128-100	Red/Gray	1.00"	FULL	250 PSI	4.03"
8123-150/8128-150	Red/Gray	1.50"	FULL	250 PSI	4.72"
8123-200/8128-200	Red/Gray	2.00"	FULL	250 PSI	5.91"
8123-250/8128-250	Red/Gray	2.50"	FULL	250 PSI	7.68"
8123-300/8128-300	Red/Gray	3.00"	FULL	250 PSI	8.86"
8123-400/8128-400	Red/Gray	4.00"	FULL	250 PSI	14.76"
