Maximize Efficiency

Eliminate redundancy and an error-filled paper trail, streamline communications and make the best use of your labor, equipment, material, and dollars.

Improve Profitability

Get the timely data you need to make crucial money-saving decisions, cut down on unnecessary work, and stay on top of your bills and contracts.

Gain Insights

Go deeper than the data with AgCode reporting and tracking to discover the details you need, when you need them, finding powerful business intelligence along the way.

Our newest software. Your most productive seasons yet.

AgCode's solutions are tailored to suit each grower, crop and operation, and are easy to use from your desktop, tablet or mobile device.

The Field

- Record crew and equipment activities
- Clock in and out
- Create and deploy work orders on the fly
- Utilize detailed mapping
- Document field inspection
- Record harvest activities

The Office

- Dashboard brings intelligence to you
- Complete payroll with ease
- Build farm plans and crop estimates
- Create accurate budgets
- Generate reports on the fly
- Access timely chemical records

The Results

- A clear overhead view of your business
- An understanding of gaps in your processes, and how to fill them
- A more productive operation
- A pathway to a better bottom line
