Weather Stations

Flexible Commercial Grade Weather Stations

To optimize your labor, inputs, machinery and time, you need to know current weather conditions. This information allows you to be proactive in planning and to react quickly when weather alerts are triggered.

Wildeye weather stations provide you the weather data and knowledge you need to make the best decisions for your farming operations throughout the year and from year to year.

Wildeye weather station data is easily accessible via phone, tablet, computer or the Wildeye Farm Monitoring App.

Select Your Weather Stations Features, including:

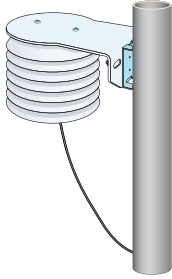

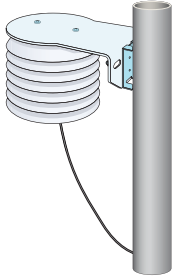

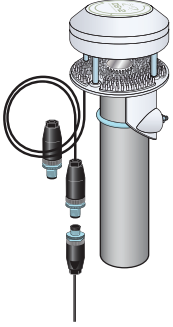

- Temperature: Relative Humidity, Dew Point, Frost Alerts
- Evapotranspiration Rates (Et0)
- Delta-T and Growing Degree Days
- Chill Portions and Chill Hours
- Fire Danger Index
- Heat Safety Compliance
- Rainfall
- Windspeed and Direction

Wildeye weather stations let you track current conditions or review previous years data, all from the simple, easy to use Wildeye web platform or app.

WEATHER STATION OPTIONS

Choose the **weather sensors** right for your application.

Weather Sensors	Package Type	Sensors	Features & Applications	Sensor Cost
	Temperature Only	<ul style="list-style-type: none"> ■ Temperature sensor supplied with radiation screen ■ Temperature ■ Range: 22° F to 158° F ■ Accuracy: +/- .9° F at 32° F 	<ul style="list-style-type: none"> ■ Frost alert monitoring ■ Chill portions, chill hours ■ Growing degree days ■ Heat Alerts 	\$
	Temperature & Humidity Package	<ul style="list-style-type: none"> ■ Temperature & Humidity Sensor supplied with radiation screen ■ Temperature Range: -22° F to 158° F Accuracy: +/- .9° F at 32° F ■ Humidity Range: 0 - 100% Relative H Accuracy: 3% 	<ul style="list-style-type: none"> ■ All of the above plus: ■ Hay Cutting ■ Delta-T and Dew Point ■ Fire Danger Index 	\$\$
	Full Weather Station - Standard	<ul style="list-style-type: none"> ■ Above temperature & humidity sensors plus: ■ Wind speed: Cup-and-Vane anemometer, 0 to >100 knots ■ Wind direction: Cup-and-Vane anemometer, 0 to 360° ■ Rain Gauge: Tipping bucket rain gauge, .0078" resolution ■ Solar radiation: Silicon photo-diode, 300 to 1100 nm 	<ul style="list-style-type: none"> ■ All of the above plus: ■ Evapotranspiration, hourly, daily, weekly, seasonal ■ Rainfall: hourly, daily, weekly, seasonal 	\$\$\$
	Full Weather Station - Advanced	<ul style="list-style-type: none"> ■ Temperature: ■ Humidity: ■ Wind speed: solid state ultrasonic, 0 to >100 knots ■ Wind direction: solid state ultrasonic, 0 to 360 deg. ■ Rain Gauge: .0078" resolution ■ Solar radiation: Silicon photo-diode, 300 to 1100 nm 	<ul style="list-style-type: none"> ■ All of the above plus: ■ No moving parts: less maintenance required. More suited to remote locations 	\$\$\$\$

DONE THAT. 50,000 TIMES. STILL GROWING.

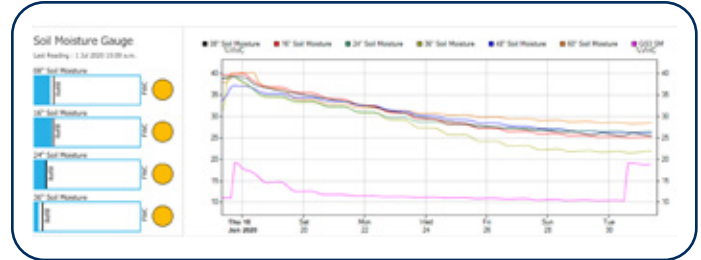

Wildeye's reliability and expandability gives you lots of extra features and options! Use our weather stations with other Wildeye applications.

Operation-Wide Reporting Feature

Irrigation occurring in a selection of different fields.

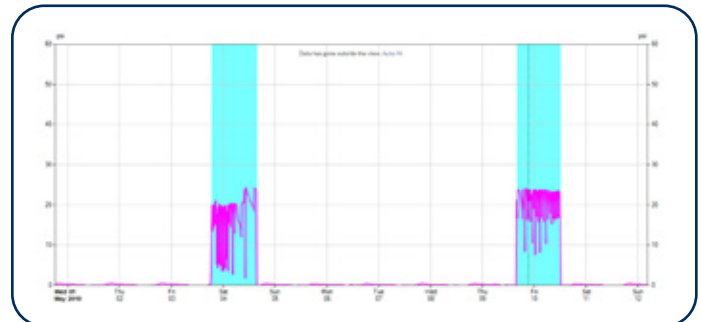

Soil Moisture Gauge

Flow Monitoring

Line Pressure

Irrigation System pressure before and after fixing a problem.

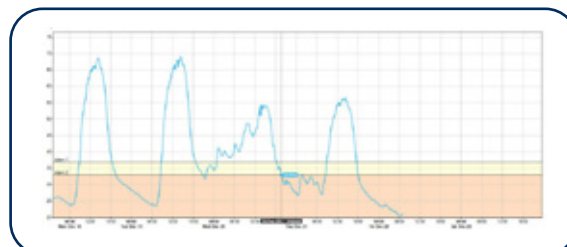

Weather Sensors including Temperature Monitoring and Alerts

Add weather sensors to your Wildeye including:

- Temperature/Humidity
- Wind Sensor
- Rain
- Solar Radiation for Evapotranspiration
- Evapotranspiration
- Chill Portions
- Delta-T
- Hay-Dew Index

Temperature monitoring with alerts for multiple thresholds and recipients. Alerts by text, email or phone call.

Temperature Monitoring with Alerts.

Wildeye's Versatility Offers Complete Solutions for Farm Monitoring and Automation!

- Reservoir Level
- Ditch Level
- Weir Flow Rate
- Standpipe/Sump Level

- Flow Meter Monitoring
- State Reporting/SB88
- SGMA/Water Market Compliance
- Leak Detection

- Soil Moisture
- Irrigation Time
- Line Pressure
- Pre/Post Filter
- Tank Level

- Pump Control
- Valve Control
- Power Usage
- VFD Reporting

- Full Weather Stations
- Temperature
- Wind Sensors
- Rain Gauge
- Solar/ET

The Field Proven Leader in Monitoring Solutions

Contact Wildeye today to see how we can meet your needs and make your monitoring or compliance decision an easy one.
