Tin Capsules [®] RIVERCAP

Tin capsules are comprised of a single piece capsule with no seam made out of PURE TIN ingots by Rivercap. A sign of art and distinction enhancing wines and spirits with quality and luxury.

They provide a distinctive smooth and malleable feel, embracing the bottle for a clean, prominent artisan capsule preferred by winery owners and sommeliers around the world.

An elegant product and brand deserves the highest quality and grandeur capsule on the market. A tin capsule for your wine or spirit sets a statement from the company to the consumer that your brand is of the finest standard in the industry.

Sparlux Foils [®] Sparflex *Design & Technology*

Sparlux high-end sparkling foils made of heavy complex have a rigid and moulded aluminum top that eliminates the unsightly creases that can affect the appearance of foil tops. Sparlux sparkling foils, offer endless design possibilities to market your brand.

From different textures, full color printing, range of foil weights, to innovative peel to reveal tear tabs are just some of the options available.

Art & Craft Wirehoods

Le Muselet Valentin

The Art & Craft wire hood is an exceptional piece, embossed with a great precision, elegance, and multiple layers of relief. A master cup of extreme refinement which symbolizes the excellence, uniqueness, and aesthetic appeal of crafted by the finest French artisans. It is a one-of-a-kind wire hood that meets the requirements of exceptional sparkling wines, in search of perfection, a jewel that accompanies the most prestigious cuvées and that is very likely to be kept by the consumer as a souvenir.

A winery using an Art & Craft wire hood is expressing the brand value and making a statement towards its customers.
