

Discover unified Human Capital Management technology supported by an experienced, responsive partner.

HRIS

Simplify employee record management, event and skill tracking, performance tracking, time off and much more.

New Hire Onboarding

Simplify the new hire onboarding experience for HR and employees with electronic onboarding.

Benefits Management

Track benefit plans and dependents. Integrate benefits with your employee payroll deductions.

Employee Self Service (ESS)

Enable employees to conveniently access pay stubs, W2's and more. Advanced ESS enables employees to update their own data.

Notifications & Workflows

Receive and manage notifications for important employee events.

Performance Management

Track employee reviews, warnings, documents, certifications and more.

Document Portal

Save time and reduce paperwork. Access and manage important documents, reports and personnel files conveniently and securely online.

Personalized Full-service Payroll

One of the industry's most powerful payroll engines with robust reporting and payroll tax compliance nationwide. SOC1 compliant.

ACA Reporting

Streamline ACA reporting and filing for Applicable Large Employers (ALE).

Unified Time & Attendance

Conveniently administer timekeeping and labor management from a single platform.

Time Off Management

Calculate and track accrued, used, and available time off policies such as Sick Leave, Vacation and PTO.

General Ledger

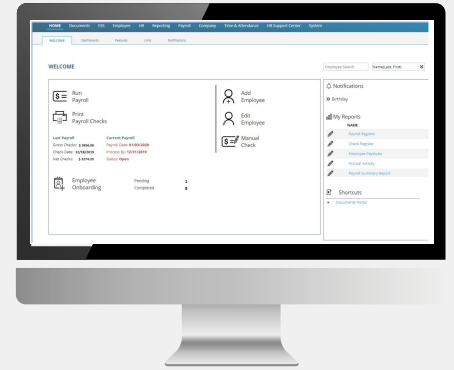

Conveniently align payroll and your accounting systems. Display debits and credits by your cost centers.

Labor Allocation & Job Costing

Efficiently distribute labor costs by a predefined percentage or actual hours worked. Track costs by departments, functions, jobs or multiple cost centers.

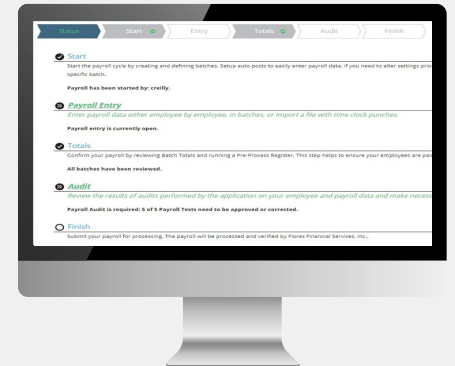

Advanced Reporting

Access over 120 reports or build your own with an Advanced Report Writer, including HR, financial, payroll expenses, Workers' Compensation, 401(k) and more.
