# Titrator Packages For All Wineries

With a complete range of titrators, autosamplers, electrodes and accessories, METTLER TOLEDO titration systems allow you to configure a system to suit your existing requirements and expand it as your needs change.

## T5 or T7 Titrators

For all wineries, the T5 or T7 Excellence Titration System is the perfect addition to your wine production.

### Efficient, Secure and Modular

- Intuitive One Click user interface
- Flexible data management
- Hot Plug & Play for automatic burette and sensors recognition
- Versatile titrator for all applications

Included in this package:

### T5 or T7 Titrator

Material No: 30252672, 30252675

## InMotion Automation

The InMotion makes automation in your titration process easy. Choose between the Flex and Pro depending on your lab needs.

### Flexible and Efficient

- Eliminates process order and transcription errors
- Maximize throughput in the minimal space
- Intuitive and flexible programming
- Build to your sample needs with modular boards and extra pumps
- Can connect to any One Click operated instrument

Material No: 30276336, 30094122, 30094130

# pH Meters

## Special Offers

METTLER TOLEDO has a range of pH and density meters to suit your needs and maximize your results. For a limited time you can benefit from our exclusive offers to help you through your busy period.

**Receive 20% off one of the listed pH meter kits below with your package purchase!**

### FiveEasy Plus FP20-Std-Kit

Simplify your lab with the FiveEasy Plus pH meter FP20-Std-Kit.

#### Simplify Your Lab

- Measurement made easy with well-structured display
- Compact design saves space
- Simple and secure data transfer directly to printer or PC for further processing

Material No: 30266628

### SevenCompact S220-Basic

Maximize productivity with the S220-Basic SevenCompact pH meter.

#### Versatile and Universal

- Truly intuitive operation with single keypress to start measurement
- High-resolution color display with 4.3 inch color display and large digits
- Connectivity and peripherals allow you to boost productivity

Material No: 30019028

# Density Meters

## Special Offers

METTLER TOLEDO has a range of pH and density meters to suit your needs and maximize your results. For a limited time you can benefit from our exclusive offers to help you through your busy period.

**Receive a free portable density meter with your package purchase!**

Densito

Light, Intuitive and Rugged

- Analyze on the go
- Easy sampling using joystick
- Adjustable result range limits
- Color-coded for instant reading

Material No: 30330857
