The Glass Does Make a Difference

designed to maximize flavor & aromas of wine &
liqueurs

100% lead-free crystal

brilliant clarity

optimum durability & elegance

dishwasher safe

pulled stem glass with mouth blown character

made in Germany

BENEFITS OF STÖLZLE GLASSES WITH PULLED STEM

At the pulling process the stem is pulled out of the goblet and is melted together with the plate. These glasses have neither joints between stem and bowl nor seam-lines, with characteristics similar to handmade glasses.

sheer rim

no rolled edge

fire polished rim

thin-walled

similar to mouth-blown glasses

glasses are extra light

pulled stem

machine-made stems similar to
mouth-blown stems

glasses have high resistance to breakage

no seam-lines

elegant design

dishwasher safe

solid bottom plate

stable standing of the glass

without seam-lines
