

VINVENTIONS

Cork Recycling Program

Vinventions is pleased to offer our **Cork Recycling Program** for consumers, wineries and wine retailers. The program includes:

In-home cork recycling bags for consumers.

Freestanding Cork Recycling Center for wineries and retailers and no-cost recycling center shipper when the box is full.

Door clings to let customers know your company offers cork recycling.

Recycling services and recyclable items vary widely across the United States. Wine corks are one of many small items that can fall through recycling belts and be deposited in landfills. At Vinventions, we want to ensure that wine corks stay out of the landfills, become part of the circular economy and are given a second life.

We invite you to join us in protecting the environment. If you are interested in participating in our **Cork Recycling Program**, let's get started. Contact us at don.huffman@vinventions.com.
