All our French oak comes from the ancient forests of northern and central France carefully cultivated for centuries to produce the highest-quality oak. To secure the finest wood, we work hand-in-hand with small, family-owned stave mills who have been sourcing, crafting and seasoning staves for generations. Our Futaie barrels are sourced from wood from within the French National Forest System, chosen exclusively from trees grown and harvested in accordance with the Futaie system of forest management. Under strict direction of French National Office of Forestry, the Futaie forests have become the source of some of highest quality oak found anywhere in the world, renowned for its fine grain and rare uniformity.
