

MEET ELLIOT

When Keeping Connected is Everything™

ONLY
\$20/month

FEATURES

- **Monitor & Control From Anywhere** - Access your chiller conveniently through Elliot's web dashboard.
- **Direct Link to Service** - Pro service techs can remotely connect to your system to address issues.
- **Notifications** - Identify small problems before they become big problems with instant notifications on key issues affecting your system sent directly to your service team or partner.
- **Maintenance Reminders** - Be reminded of key maintenance items through Elliot.
- **Reporting** - Receive scheduled Operating Reports outlining peak usage, over/under utilization, systems alarms, and total operating efficiency.
- **Historical & Predictable Trending** - Access performance data on your system.
- **Monitor Your Product & What's Important To You** - Elliot provides the ability to add up to three custom temperature readings.

CONNECTIVITY

- Ethernet (included)
- Cellular (an additional \$15/mo or \$149/year)
