

Liviri DELIVER DIFFERENT

MORE WINE. LESS WASTE.

LIVIRI VINO⁴ is a wine shipping cooler designed for safe, cost-effective ground shipping. By eliminating weather holds and allowing year-round deliveries, your customers get the wine they want, when they want it, while your operations run more smoothly and consistently. Since the entire container is reusable, it's also a sustainable solution that eliminates single-use styrofoam, corrugate and ice packs.

LEADING THERMAL PERFORMANCE

- 5 days of thermal protection more than triples capabilities of industry standard styrofoam with ice packs
- Vacuum insulated panels for aerospace-grade thermal protection
- Conquers wine temperature oscillation during extreme hot or cold conditions
- Thermal testing expertise and validation

SQUARE BOX. CIRCULAR MINDSET.

Reuse model is environmentally preferable to single-use styrofoam and corrugate. Zero cardboard for consumers to breakdown. Box, inserts and reusable ice packs are recyclable at end of life.

TRUSTED DROP PROTECTION

- Exceeds ISTA-6-FedEx-A requirements (drop, vibration and compression testing)
- Durable polypropylene construction to withstand abuse
- Rugged box designed for 2+ years of shipping in the small parcel network
- Wine inserts accommodate most Bordeaux, Riesling, Burgundy style bottles
