FAREWELL TO PLASTIC

The only poly laminate capsule without plastic

100% recyclable

Its biggest advantage is that it contains no plastic, reducing the environmental impact of the poly laminate capsule, thereby preventing deforestation, an increase in the price of staple goods, and plastic waste that takes more than 400 years to disintegrate.

Exclusive

Patented by Ramondin.

Being the only manufacturer able to produce this capsule is an anti-counterfeit measure bringing competitive advantage. With this innovative solution, Ramondin joins you and your customers towards a sustainable and environmental-friendly commitment.

Technical upgrades

 CAP improves performance with certain Spirits bottle profiles.

NOW ENDORSING

Capturing
the future

Easy Open

Easy to grip, twist and open. Quicker opening than a traditional cork and capsule. Ease of resealing, and harmless.

Perfect Seal

Saranex, Saratin, Gas and special Spirits PE liners available. Prevent any liquid leaks and protect from undesirable external influences. Preserve the freshness of your liquor.

Sophisticated

Various decoration capabilities and a large choice of colors and finishes. Hot-stamping and offset printing on the top and side. Embossing on the top. Knurling and non-knurling options.

SCREWCAPS

PVC CAPSULES

TAILOR YOUR PACKAGING

Functional

A two-piece capsule giving the expected look of a liquor packaging. Precise fit on large spirits bottle necks and easy heat-shrinkable application on cork/bartop or screwcap finishes.

Cost-effective

The good alternative to high-end closures at a lower cost. Offer an aesthetic and quality look. PET-G material available: a 100% recyclable capsule offering the same benefits as PVC. A competitive advantage to your brand's image.

Sophisticated

Large decoration capabilities and large choice of colors and finishes. Hot-stamping on top. Offset printing on top and side. Embossing on top. Vertical and horizontal tear tab, perforation.
