Carefully curated. Consciously crafted.

Our latest collection is small in size but mighty in timeless and thoughtful design.

Smaller sizes create personalized consumption experiences and invite consumers to be adventurous. In fact, nearly 60% of single-serve wines are purchased with the intent of trialing a new brand or variety - and 82% of the purchase decisions are made in store.**

Let your brand get the attention it deserves with one of our carefully crafted designs.

With glass you can rest assured that your product, and brand, will stay pure and protected.
