FAREWELL TO PLASTIC

The only poly laminate capsule without plastic

100% recyclable

Its biggest advantage is that it contains no plastic, reducing the environmental impact of the poly laminate coiffe, thereby preventing deforestation, an increase in the price of staple goods, and plastic waste that takes more than 400 years to disintegrate.

Exclusive

Patented by Ramondin.

Being the only manufacturer able to produce this coiffe is an anti-counterfeit measure bringing competitive advantage.

With this innovative solution, Ramondin joins you and your customers towards a sustainable and environmental-friendly commitment.

Technical upgrades

 **CAP** improves performance with certain wine bottle profiles.
