10 Key Benefits Olavin Will Bring You

- 1 **★ Dairy Grade Finish ★**
'Olavin Surpro Finish' (ultra-smooth dairy grade internal weld finish) will help reducing your tank cleaning time up to 60%.
- 2 **★ Good Flow Jacket ★**
Specialized handmade 'Olavin Dyppe Jacket' enables an even spread of cool over the entire tank. You get the full benefit of every drop of glycol.
- 3 **★ Charge-Free Customization ★**
There is No Extra Charge for personalizing your tanks.
- 4 **★ 100% Handcrafted ★**
All welds are handcrafted. It offers more precision & better weld seam performance.
- 5 **★ Seismic Engineering ★**
We take seismic design to protect people & wine from potentially earthquake loss.
- 6 **★ American Design ★**
If you are like most Americans, you will prioritize durability, versatility & functionality. Olavin tank is durable, versatile, and practical.
- 7 **★ All Stainless Steel ★**
All visible parts are made from stainless steel. Carbon steel is more susceptible to rust and corrosion, thus it is not an option from Olavin.
- 8 **★ Beautiful & Attractive Appearance ★**
Shiny tank surface instantly makes your winery look brighter and more beautiful.
- 9 **★ 2 Year Replacement Guarantee ★**
Fittings and accessories installed on an Olavin tank have a 2 year's warranty from the date of acceptance.
- 10 **★ 20 Year Workmanship Guarantee ★**
Tank bodies and structures come with a 20-year guarantee on workmanship and materials.

Olavin Mini Tanker (Code L) Technical Specifications

- **Product Code:** L
