

Our cloud-based solutions allow you to quickly and easily manage your most important (and expensive) asset— your employees. Employers can manage overtime, compliance risk, and job costing!

TIMESIMPLICITY IS MORE THAN JUST SCHEDULING EMPLOYEE HOURS:

- Eliminate over staffing & reduce overtime with system alerts
- Quickly identify gaps in coverage before it's too late
- Identify “best fit” employees to cover staffing needs
- Robust attendance and labor management reporting (including Gantt chart)

EASE-OF-USE AND TIME-SAVING BENEFITS:

- Integration with time and attendance (single sign-on)
- Cloud-based— no software to install or servers to maintain (24-hour access)
- Set minimum and maximum threshold for hours worked (ACA and overtime management)
- Employee Self-Service portal (online schedule management)

TIMESIMPLICITY FEATURES

- Easily create schedules with drag-&-drop simplicity
- Real-time notifications via email and SMS texting
- Change schedules on-the-fly
- Employee Trade Board – Pickup, swap, or drop shifts online.
- Attach certifications and qualifications to EE profiles
- And so much more!

Say goodbye to messy, hand-written schedules that change almost as fast as you post them.

To schedule a system demo and see it in action, give us a call today.
