Single Barrel Holder

Designed to distribute the weight of an odd number barrel.
Provides stability when moving and stacking.

BARREL WASHING RACK

A barrel washing rack makes it easy to rotate your barrels
They provide space to simplify cleaning barrels. The soft wheels help
to protect your products and simplify life.
Rotating barrels on racks can damage both the barrel and the racks.

REFURBISHED / USED RACKS

- Refurbished racks sell fast and are not always available
 - We also refurbish your existing racks.
- NOT recommended to be stacked higher than three.
Our Stock constantly changes in quantity and different styles.
All used and refurbished racks are sold as is.
