

# NEW PRODUCTS

# NEW MAGNUM BORDELAISE ALIENOR

The ALIENOR 150 cl format is reminiscent of bottles from times gone by, reflecting the heritage and culture of the Bordeaux region.

The shoulder is traditional, the body has a compound taper with a small "push-out inside the punt".

# NEW MAGNUM BURGUNDY TERROIR

Subtly playing with classic styles, this **150 cl TERROIR** format boasts a distinct identity that fully conveys the quintessential characteristics of 'terroir' wines.

Inspired by vintage bottles from the region, its silhouette is certainly eye-catching: a long, sleek neck for easy handling, a deep, square-shaped punt of 58 mm, distinct shoulders, and a large cylindrical body. Added to that is a large base typical of the style, literally rooting the bottle in the ground and emphasizing its connection to the vineyards.

# PRESTIGE SWING TOP - SPARKLING

The PRESTIGE SWING TOP is aimed at the preparation of young and fruity wines, sparkling wines, or beers which seek an up-market packaging positioning.

With a glass weight optimized at 780 g, this bottle which is characterised by its elegant silhouette with perfect proportions will show off your wines in a refined way. Another advantage of the design is the possibility of adapting a swing top, easily reusable, sustainable and which ensures hermetic preservation of drinks.

# PRESTIGE SWING TOP - SPARKLING

This model is also available in extra white flint glass.
