

# PACKAGING SOLUTIONS FROM DESIGN TO DELIVERY

Packaging needs to perform. Our comprehensive services take your packaging solution from ideation all the way to the manufacturing line and into the market. Go beyond the container with innovative, sustainable materials, visual and structural packaging design and more.

## BRAND

Agile like an agency, fierce like a Fortune 500 company. From planting the seeds of brand strategy to building perfect packaging solutions, we co-create with our clients to cultivate and support their business goals. Whether you want to create new packaging from start to finish, or you need a hand bringing an existing idea to life, we're here to help.

GROW WITH VINE

## CONTAINER

Not finding the bottle you want from our extensive selection? Need a container that displays your product more distinctly and exclusively? We work with you to create an exciting design based on your unique concept.

- Custom containers
- Unique delivery systems
- Specialized screening processes
- Engaging product displays

INNOVATE WITH ACC

## PACKAGE

The structural and visual designers in our **Veritiv Packaging Design Network** create outstanding custom packaging where form and function are interwoven.

With prototyping and testing on site—you can fall in love with a design and be confident it will perform in production, throughout distribution and in the market.
