

COVID-19 SAFETY SOLUTION

MANAGE COVID-19 DISRUPTIONS AT YOUR WORKPLACE

Protect your workers with social distancing alerts, reduce disruptions to your business with contact tracing reports, and help your employees feel safe.

This is a wrist-worn band that vibrates when another band is within 6 feet, reminding them of the need to maintain social distance.

In the case of a positive COVID-19 diagnosis, Proxxi Contact's reporting helps with contact tracing.

\$100 EACH

SOCIAL DISTANCING

Reduce the likelihood of employees getting infected.

Contact's lightweight wristband gently vibrates to alert workers when they are within 6-feet of another band-wearer.

CONTACT TRACING

Leverage detailed reports to prevent the spread of infections.

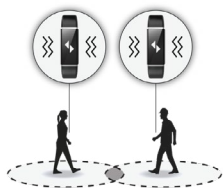

Leverage detailed reports to prevent the spread of infections.

TARGETED CONTAINMENT

Mitigate disruptions to your business.

Contact's data allows you to alert only those who are at risk, minimizing disruptions to your business.
